

Abolish Slavery Everywhere, Forever

# Human trafficking is ~~SLAVERY~~.

It's the illegal trade of human beings. It's the recruitment, control, and use of people for their bodies and for their labor. Through force, fraud, and coercion, people everywhere are being bought and sold against their will—right now in the 21st century.

But phrases like 'slavery' and 'human trafficking' can still feel ambiguous. This is the reality: **slavery is violence**. It's physical, verbal, and sexual abuse. It's forced prostitution. It's barbaric working conditions.

Slavery is more stoppable than ever, and that's why we're here, rolling up our sleeves and doing the work together.

There are millions of *slaves* in the world today.

More than ever before in human history.

Human trafficking is the fastest-growing criminal industry in the world, generating more than **\$150 BILLION USD** every year.

## TYPES OF SLAVERY

### SEX TRAFFICKING

Forcing, deceiving, or coercing a person to perform a commercial sex act.

### FORCED LABOR

Forcing a person to work in captivity for little or no pay.

### BONDED LABOR

Forcing a person to work for low wages to pay back an impossible debt.

### CHILD SOLDIERS

Forcing a child to participate in an armed force.

### INVOLUNTARY DOMESTIC SERVITUDE

Forcing a person to work and live in the same place for little or no pay.

WE ARE THE NEW ABOLITIONISTS.

## WHO WE ARE

Our mission is to end slavery. We are a nonprofit organization fueled by radical hope: that human beings everywhere will be rescued from bondage and completely restored. We are the abolitionists of the 21st century. We work with you to free slaves and disrupt the demand.

Slavery is often talked about in numbers: **Millions of slaves. A \$150 billion industry. 1% ever rescued.** Those numbers are daunting and they lose the human element. The heart of our organization is **THE ONE**. The one woman, the one man, the one child trapped and exploited, unable to see a positive end to their story. But we see the one, and we fight for the one, and we sacrifice to restore the one—to give them freedom and independence and the chance at a better story.

---

**Our operational strategy, and the heart cry of our organization, is to REACH, RESCUE, and RESTORE lives.**

**REACH** the vulnerable & disrupt the demand.

We prevent slavery from ever happening by engaging people through events, student presentations, and education programs.

**RESCUE** victims & seek justice against their captors.

We work closely with law enforcement on the ground to support raids, identify victims through our resource lines, assist in the prosecution of traffickers, represent survivors in court proceedings, and collaborate with Governments and other NGOs to eradicate slavery at every level.

**RESTORE** survivors & equip them to live independently.

We work face-to-face with every person in our care, providing them with access to housing, medical treatment, counseling, education, employment, and repatriation based on their individual needs.

# ~~WHERE~~ WE WORK

**WE HAVE 14 OFFICES IN 12 COUNTRIES.**

All of our offices are stopping human trafficking before it starts.

*Eight* of them focus on fierce intervention.

*Six* of them provide restorative aftercare.
